can you fix it now it seems broken

Düşünme sürecini göster 🗸

You're right, it looks like some of the arrows in the SVG diagram were pointing in the wrong direction, which made the workflow confusing. I've corrected the path definitions for the arrows connecting the Airflow DAG to the steps within Snowflake.

Here is the corrected version of the file.

The diagram should now accurately represent the flow of data and processes.

Entalpi sohbetleriniz, modellerimizi daha iyi hale getirmek için kullanılmaz. Gemini hata yapabildiğinden verdiği yanıtları doğrulayın. <u>Gizliliğiniz ve Gemini</u>
